To Whom It May Concern:

Please accept this letter of recommendation for Robert Belleck, owner of Lily Pad Ponds, Inc. Bob has taught for the Rutgers University Office of Continuing Professional Education since 2005 in various landscaping and hardscaping classes. His positive teaching style and diverse experience level has served his students well and he has received excellent evaluations from all his classes.

For the past five years or so he has also taught in the Rutgers Home Gardeners School that is scheduled each March. This program runs on a Saturday with 35-40 different topics of interest and serves over 800 people in the gardening community from many diverse backgrounds. Bob has instructed enthusiastic gardeners on the subjects of water gardening, pond design, paver projects and dry stream beds, just to name a few. The students in his classes have always given him stellar evaluations.

In closing, we would like to commend Robert Belleck for his interactive and informative teaching style, professionalism, and good business practices within the 'green industry.' He has been a wonderful asset for all of our programs.
